Consolidated Container Company: rigid plastic packaging

Consolidated Container

Packaging company that serves stable consumer-oriented end markets

- Based in Atlanta, GA
- Long-standing customer relationships
- National footprint with 57 rigid packaging production facilities and 2 recycled resin facilities
- Second largest producer of recycled HDPE in the U.S., producing 100 million pounds per year

Consolidated Container – Protecting the Environment

The disposal of plastic and its effects on our environment is an important topic, and one that Loews and CCC take very seriously.

CCC offers several environmentally innovative solutions to help minimize the impact of plastic on the environment and promote a circular economy

CCC's **EcoPrime® resin is produced using a patented process for converting curb-side waste into resin** suitable for direct food contact.

CCC's OceanBound® Plastic is recycled HDPE resin that is sourced from regions of the world where plastic is most at risk of ending up in global waterways.

CCC's **Dura-Lite® minimizes the amount of resin** used to create beverage packaging, making it better for the environment, while improving product performance – both of which benefit our customers.

HIGHLIGHTS

- 97% of CCC's products are recyclable.
- In the last year, CCC has prevented over 5 million pounds of plastic from entering global waterways.
