CNA FINANCIAL ANNOUNCES
PRELIMINARY 4th QUARTER AND YEAR END RESULTS

CHICAGO, ILLINOIS, January 25, 2002 --- CNA Financial Corporation (NYSE: CNA) today announced that it expects a 2001 fourth quarter net loss between \$20 million and \$35 million, compared with net income of \$193 million for the same quarter in 2000. Included in the 2001 fourth quarter net loss are the previously disclosed restructuring and other related charges of \$125 million after-tax and \$52 million after-tax of Enron related losses, net of anticipated reinsurance recoveries. CNA has also recorded a \$69 million after-tax reserve strengthening charge, primarily for the current accident year, in CNA's London-based primary commercial and marine operations.

Total net operating loss, which excludes realized investment gains, for the 2001 fourth quarter is expected to be between \$288 million and \$303 million compared with net operating income of \$114 million in the 2000 fourth quarter. Total net realized investment gains for the 2001 fourth quarter were \$268 million compared with \$79 million for the 2000 fourth quarter.

The 2001 fourth quarter net operating loss includes a \$160 million after-tax charge to strengthen the prior year loss reserves of its London-based reinsurance operation, CNA Reinsurance Company Limited (CNA Re U.K.). Net realized investment gains for the 2001 fourth quarter includes a \$160 million after-tax adjustment to reduce the second quarter \$285 million after-tax estimated impairment loss related to the anticipated sale of CNA Re U.K. The fourth quarter adjustment is based on a revaluation of the estimated impairment losses and is reflected as an after-tax realized gain. There is no net effect on equity or net income from these two items.
